Address: Joao Itibere - Jardim Das Americas, 81530200, Curitiba, Brazil (Home)

ABOUT MYSELF

I work developing software solutions and systems architectures. My knowledge in programming languages are Golang, Python and PHP. I work with AWS (EC2, ECS S3, Lambda, RDS, CodePipeline, CloudWatch, Api Gateway, DynamoDB, ElasticSearch, Redis, SNS, SQS and others) and databases like MySql, PostgreSQL and MongoDB. I possess the legal authorization to work in Luxembourg.

WORK EXPERIENCE

06/11/2024 – CURRENT Curitiba, Brazil
SOFTWARE DEVELOPERS PROCOB

Back-End Development: Solid experience with Symfony 2.8+, PHP 7.0+, Python, and Node.js, building RESTful APIs and scalable, secure systems.

Databases: Expertise in MySQL and efficient data management with tools like Redis and RabbitMQ, optimizing asynchronous communication.

Cache and Optimization: Implemented caching strategies and performance enhancements using Memcached and Redis.

Version Control and Best Practices: Experience with Git, applying modern version control practices and collaborative development.

Infrastructure and DevOps: Experience with Apache, Openresty, and HAProxy servers, along with containerization and orchestration practices using Docker and Kubernetes, ensuring high availability and performance.

15/03/2023 – CURRENT Luxembourg, Luxembourg
FULL STACK ENGINEER FREELANCE

Work with maintenance and creation of new features using:

- Go;
- Python;
- C++; PHP; Javascript.

With the frameworks: React.js, Laravel, Juce and Django. With Sql and NoSql databases.

20/11/2023 – 03/02/2024 Esch-sur-Alzette, Luxembourg
OFFICE AGENT BT DIGITAL

- Customer Service
- Cash flow knowledge
- Work in a multi-cultural environment
- Service in basic French
- Service in intermediate English
- Service in advanced Portuguese

16/11/2020 – 15/03/2023 Curitiba, Brazil
SOFTWARE DEVELOPER MADEIRAMADEIRA

Development and analysis of systems in order to build efficient solutions quickly, aiming at code quality, solution scalability and assertiveness in deliveries for areas such as finance, law, accounting and among others.

Maintenance and development of web projects with:

- Languages:
- Golang
- Python
- PHP

- Knowledge:
-- API development; MySQL; Redis; aws (Ec2, Ecs, Lambda, DynamoDb, RDS, Redis, CloudWatch, CodePipeline, Sns, Sqs and others); Development in Laravel, Zend, Flask, Django, Chalice, Gin frameworks; ORM Gorm, Django ORM and Eloquent ORM. CI/CD with Terraform and Jenkins; Linux; Creating and maintaining microservices, monoliths, and lambdas; Unit Tests in Golang and Python; New Relic; Swagger; Design Patterns; Scrum.

01/05/2019 – 15/11/2019 Curitiba, Brazil
SOFTWARE DEVELOPER LOJACORR

Execute, propose and create solutions for the demands presented; Analyze and suggest solutions that add value to the business, that improve processes and user experiences in different systems.

Skills: performance analysis of developed systems, database modeling, version control, as well as server knowledge.

Goals: to produce clean, organized and performant code, as well as susceptible to testing.

Technologies: PHP, Integrations with SOAP/REST multiplatforms., Laravel, Git, Mysql/SQL, Linux Server, Html, CSS, javascript, jQuery, ajax, bootstrap, Swagger, AWS tools, object orientation, design patterns, mvc, boas practices, code clean, refactoring, agile methodology (Scrum and Kanban).

Studies: SOA, Vue.js / React.js, NodeJS, Docker, AWS, Google Cloud, microservices, android and iOS development tools.

10/09/2018 – 01/05/2019 Curitiba, Brazil
INTERNSHIP IN ELECTRICAL ENGINEERING INOVENERGY

Preparation of studies and projects for energy generation from renewable sources. Advanced knowledge in the energy area with technical details. Development of technical material, preliminary studies and assessments of energy potentials, technical economic feasibility studies, field visit reports, basic projects and eventually executive projects.

01/03/2014 – 20/12/2015 Curitiba, Brazil
AUDIO PRODUCTION TECHNICIAN UNIVERSIDADE ESTADUAL DO PARANÁ

Service to the music studio audience; Support recording, editing, mixing and mastering; Handling of digital and analog audio software and equipment; sound and support for concerts and music production; Archiving and maintenance of audio materials and equipment; Assistance to research and extension activities carried out within the scope of the FAP (Faculdade de Artes do Parana) music studio.

● EDUCATION AND TRAINING

20/02/2015 – 20/12/2020 Brazil
ELECTRICAL ENGINEERING AND COMPUTER SCIENCES Universidade Positivo

Website <https://www.up.edu.br/>

01/03/2011 – 15/09/2016
BACHELOR OF MUSIC (MUSIC PRODUCTION AND COMPOSITION) Universidade Federal do Paraná

Website <http://www.sacod.ufpr.br/portal/artes/musica-licenciatura-e-bacharelado/>

03/11/2021 – 13/04/2023 Brazil
COMPUTER MUSIC AND ELECTROACOUSTIC MUSIC - POST-GRADUATION Universidade Estadual do Paraná
